How do I add a teaching assistant to my Blackboard course?

To add a teaching assistant to your Blackboard course, access the course site's Control Panel in the Course Management menu. From the Control Panel:

1. Expand Course Tools
2. Select Manage TAs
3. On the next page, select Manage TAs > Add TAs
4. On the Assistant Properties page, enter the teaching assistant's MIDAS ID in the Username field
5. Click Submit

Tech Support:

If you are still having difficulty adding TAs to your Blackboard course, please contact the ITS Help Desk.

Blackboard Workshops:

CLT offers hands-on workshops on using Blackboard, throughout the semester. Register online using the CLT Events calendar or contact CLT for more information:
